

Henty Books Page Count

See the "estimate page" for the approximate printing cost of these books

A *new addition to RC/Henty* is the "D", or dark function. (If your version doesn't have it, [Download the Free Update](#).) It allows you to automatically skip any page marked "D" when printing. Many are already marked, but you can add more wherever you want, to save toner and paper. Learn how to use the dark function on the tips page.

There are many *extra blank pages* in various parts of the Henty books. Most pictures have a blank page before or (usually) after them. Look for the "D"s to find blanks nearby, as well as the start and end of the book. You can add "D"s to skip these blanks. (Just remember to leave a blank when appropriate, like after the title page, so page 1 is on the right.) There are also *ads* at the beginning and end of the book. Many of the books have *two title pages*, but you only need one. You may also want to skip the front and back *covers and spines*.

Hopefully one of these page counts will match your particular method of printing (or at least come close).

Column 1 = Printing "as is" from the CDs. This is the actual number of pages you will print (the number in the left column), not the last page number of the book. This includes the publisher's ads, extra blank pages, all pictures, and the covers and spine.

Column 2 = Page count does *not* include: Publisher's ads, most blank pages (you'll need to add the "D"), and the back cover. *Does* include all pictures, front cover and spine (for title and pics), and blank pages between them (since they'll print so dark it'll be difficult to see what's printed on back.)

Column 3 = Page count does *not* include: Any pages already marked "D" (including covers and spine), or those that need to be marked from column 4, publisher's ads, extra blanks (you'll need to add the "D").

Column 4 = A number of dark, full-page pictures weren't marked "D", but should have been. Those page numbers are listed here for you to mark. (This is the number in the RC software, not on the printed page.) Pages listed in this column have already been subtracted from the totals in column 3.

Short Stories (Henty only or complete book) - These stories are by Henty, and sometimes other authors as well. The CDs give the option of printing the complete book, or just the Henty parts. The **top number** is for the complete book. The **numbers below** are for the individual Henty stories. (Some stories are duplicated on the disks, but you may just want to print them once.) Those **marked with a *** have more than just Henty stories.
